To Whom It May Concern:

It has been my pleasure to work with Mark III as the benefits administrator for Asheville City Schools for a number of years. They were selected by a committee through a rigorous RFP process and have provided excellent service to our employees.

Mark III has always been attentive and responsive to our needs and requests, and their employees are well-versed in current law and industry practices. From their hands-on CEO and throughout the organization, they are true professionals with extensive training, experience, and a customer-oriented philosophy.

I give Mark III my highest recommendation.

Sincerely,

Timothy F. Amos, Assistant Superintendent
